

Athletic Development: The Art Science of Functional Sports Conditioning

By Vern Gambetta

Human Kinetics Publishers. Paperback. Book Condition: New. Paperback. 312 pages. Dimensions: 10.1in. x 7.2in. x 0.9in. Athletic Development offers a rare opportunity to learn and apply a career full of knowledge from the best. World-renowned strength and conditioning coach Vern Gambetta condenses the wisdom he's gained through more than 40 years of experience of working with athletes across sports, age groups, and levels of competition, including members of the Chicago White Sox, New York Mets, and U. S. men's 1998 World Cup soccer team. The result is an information-packed, myth-busting explanation of the most effective methods and prescriptions in each facet of an athlete's physical preparation. Gambetta includes never-before-published and ready-to-use training approaches in - sport-specific demands analysis, - work capacity enhancements, - movement skills development, - long- and short-term training program progressions, and - rest and regeneration techniques. Athletic Development explains what works, what doesn't, and why. Gambetta's no-nonsense approach emphasizes results that pay off in the competitive season and reflect his work at the highest echelons of sport. Merging principles of anatomy, biomechanics, and exercise physiology with sports conditioning applications and four decades of professional practice, this is the definitive guide to performance-enhancing training. Reviews

This book is definitely worth acquiring. I have gone through and so I am certain that I will likely read through again in the future. It's been printed in an exceptionally basic way in fact it is only after I finished reading this publication that I actually altered me, changed the way in my opinion.

-- **Andres Bashirian**

Comprehensive guide for publication fanatics. This really is for all who state there had not been a well worth reading through. I discovered this ebook from my dad and I encouraged this book to find out.
