

The Age of Oversupply: Overcoming the Greatest Challenge to the Global Economy

By Daniel Alpert

Penguin Books Ltd, United Kingdom, 2013. Paperback. Book Condition: New. 234 x 153 mm. Language: English . Brand New Book. The Age of Oversupply looks at why Western capitalism is broken and how the US can recover its global economic leadership status. The invisible hand of capitalism is broken. Economic and political forces are preventing markets from correcting themselves. Governments and central banks across the developed world have tried every tool imaginable, yet our economies remain sluggish. How did we get here, and how can advanced nations prosper once more? In this bold call to arms, economic policy expert Daniel Alpert argues that oceans of cheap global labour and capital have shackled the economies of the West. Distracted by a technology boom and debt bubble, they failed to respond to the challenges unleashed by the BRICs (Brazil, Russia, India and China) and beyond. Global oversupply and the lack of domestic growth are intertwined, Alpert shows. We cannot understand the housing bubble and the financial crisis without appreciating how the rise of emerging nations distorted the economies of rich countries. And we can't chart a path for growth without recognizing that many of these forces are still at work. The...
