Known as much for his genius as his privacy, the advice and knowledge he did share with the world gives exclusive insight into the most important man of the past century. "We have always been shameless about stealing great ideas." "The cure for Apple is not cost-cutting. The cure for Apple is to innovate its way out of its current predicament." "Remembering that I'll be dead soon is the most important tool I've ever encountered to help me make the big choices in life.
