For a description of the equipment of this school, see page--. The electric railway system, the arc lighting system, the system of incandescent lighting and the tri-phase system of power transmission in the city of Athens afford exceptional facilities to the students in this school for acquiring a thorough and practical knowledge of electrical matters. Through the courtesy of the superintendents, these plants are visited and studied by the class in electricity during the year. NOTE.--For schedule of studies leading to the degree of Bachelor of Science in Electrical Engineering, see pages 84. FORESTRY. ALFRED AKERMAN, Professor. Work of the School of Forestry. The school was created in 1905; and work was begun with tht academic year 1906-1907. Several lines of work have been undertaken: (1) Instruction in Forest Economics, to bring out the importance of our forests to the State and to the Nation; (2) Elementary instruction in forestry, to familiarize the agricultural students with the management of farm woodlots and the execution of forest working plans; (3) Instruction in professional forestry, for those who intend to go into the lumber business, or to follow forest engineering as a profession, and who desire to get a part of their professional training while undergraduates; (4) Popular education in forestry throughout the State; (5) Co-operation with the owners of woodlands. The work along the first..
