Not illustrated. 1878 Excerpt: .water-closets and sewers escape, in some degree, the most disagreeable form of scavenging, as the sewage is dealt with in bulk, either to be treated with chemicals and the fluid purified by land filtration; or, the sewage is used in broad irrigation. The cost of any of the processes must be regarded as expenditure of money for cleansing the town; there are in some places natural advantages which tend to diminish the cost, and there are other features in towns which necessarily increase cost. In some cases sewage will gravitate to the outlet and be at a sufficient elevation to flow over adjoining land, in other cases pumping is required. Where sewage requires to be pumped, it will be advisable to exclude surface-water, and where the gradients will permit of interception, all the sewage above a contour line should be intercepted, so as to reduce the...
