Createspace, United States, 2008. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.My daughter Barby and I were driving across New Mexico. As we were driving along, the conversation turned to things, we had learned about life and living. Barby suggested that we put this knowledge into a book called Wisdom of Ingle or, as my father would say, You re Active as a Cow Fall down and Get up in Half a Day. On my 60th birthday, Tim said that, I know something that most other people do not know about raising kids or that I was very lucky that my kids turned out as good as they did. My answer was that I had set out to teach them certain principles of life so there was a method to what I did. The stories that I tell might change from time to time because of the point I am trying to make. All of the stories are true, just approached from different angles as needed to make a point. I do acknowledge that God led the way. This book is a combination of the Wisdom of Ingle and the leadership and plan of God that is unfolding for our family.
