## **CRS REPORT FOR CONGRESS: PUBLIC SAFETY COMMUNICATIONS: POLICY, PROPOSALS, LEGISLATION AND PROGRESS: FEBRUARY 23, 2005 - RL32594**

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Since September 11, 2001, the effectiveness of America s communications capabilities in support of the information needs of first responders and other public safety workers has been a matter of concern to Congress. The National Intelligence Reform Act of 2004 (P.L. 108-458) included sections that responded to recommendations made by the 9/11 Commission, in its report of July 2004, and by others in recent years, regarding public safety communications. The act requires several pilots and studies that will provide new information to Congress about public safety communications needs and access to spectrum for wireless technologies, two issues addressed by the Commission. The act also tightens governance of some federal programs relating to public safety communications. This report provides an analysis of major policy questions regarding public safety communications. The 9/11 Commission recommendations for action to improve communications and the testimony and comments of experts provide a framework to review what has been accomplished since September 11, what legislative initiatives Congress may plan for the 109th Congress, and longer term goals and concerns. The major conclusions that may assist policy makers are that (1) there is a need to unify spectrum policy and communications policy at every level; (2) the 9/11 Commission .
