paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 277 Publisher: China Water Conservancy and Hydropower Pub. Date :2007-07-01 version 1. This book is the Vocational Education and general engineering specialty materials. is based on Vocational Education and Higher Mathematics Teaching basic requirements write of. This book draws on various versions of the National Vocational math teaching advantages. combined with the status of vocational students. highlighting the application for the purpose of the necessary. sufficient for the degree. Book focus on applications. dilution theory. focus on innovation. and advanced mathematical thinking main line to case-driven course content. the basic concepts. basic theorems and basic operations are closely linked with the actual. The book is divided into eight chapters. the main contents of the limits and continuous functions; functions of one variable differential calculus and its applications; functions of one variable calculus and its applications; ordinary differential equations; multi-function calculus and its applications; infinite series; mathematical modeling Introduction and mathematical experiments. Elementary math book with a common formula. simple list of points. Shanxi University Mathematics Teaching Vocational guidance and exercises refer to the answer. Shallow reasoning book. integrating mathematical way of thinking in the book among teachers and students to facilitate self-learning. is for the professional use of vocational engineering class ideal of a textbook. Contents: Preface Chapter 1 Introduction a sequence. the creation of two calculus. calculus of the two basic questions three. how to learn mathematics and chapter functions limit function of a continuous section. a collection of two. functions and characteristics Third. the primary function of four functional relation for example to establish the limit of a function in section II. the limit of two series. when x . the function $f(x)$ the...
