Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

PEACE PLEASE proposes that through our experimental prison program called Project Nu Life 1. we can create a model program that trains prisoners in the behaviors of a responsible citizen so that they do not return to crime and prison; 2. which will thereby become a model for systematically reducing crime in the larger society; 3. which will thereby become a model for reducing law enforcement, security measures, courts, jails, and prisons; 4. which will thereby become a model for restructuring the larger society based on the model of this successful prison program. How would this work? Project Nu Life provides: Twelve Essential Services to Prevent Released Prisoners from Returning to Crime and Prison 1. training in the behaviors of a responsible citizen 2. job training and jobs 3. low-income and rent-to-own housing 4. financial assistance 5. health insurance 6. literacy training 7. a support network 8. seeing prisoners as good people with bad behaviors, not as bad people 9. forgiveness and non-condemnation 10. mutually supportive male-female relationships 11. encouraging our prisoners to strive for a higher purpose in life than the accumulation of material possessions 12. a retirement income.
