

The Suzuki Violin Method in American Music Education

By John Kendall

Suzuki Method International, United States, 1999. Paperback. Book Condition: New. Revised ed.. 211 x 135 mm. Language: English . Brand New Book. This booklet was written by the first American string teacher to observe and study the Suzuki Method(R) in Japan, Mr. John Kendall. Kendall s gift is in large part his ability to bring the concepts and practicalities of the Suzuki Method(R) to the doorstep of the American private and classroom teacher in language that can be readily understood. The author takes a stab at clearing up the misconceptions sometimes applied to Suzuki, among them: Teaching en masse, playing with recordings, and a magic formula. The booklet provides a succinct set of ten key factors in the Talent Education process: begin at an early age * regular listening * lessons are private * parents help with practice * all music is memorized * note reading is introduced later * all students follow the same sequence of pieces * carefully selected music * cooperation, not competition, is the motivation * flexibility and freedom of movement. . .some totality of understanding -- some vision of the basic concepts -- is essential for an intelligent application of the ideas. Thus John Kendall..

Reviews

These kinds of publication is the greatest pdf available. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Lorena Streich**

It becomes an awesome pdf that I have actually read through. It really is full of knowledge and wisdom You may like how the writer compose this book.
